

## Multi Academy Trust / Academy Financial Internal Scrutiny Full Scope of Work

Juniper Education provide Financial Internal Scrutiny for more than 300 academies at present and continue to grow this side of the business. The work undertaken in academies is designed to support the following requirements of academy trusts:

- a) trusts must have a programme of internal scrutiny to provide independent assurance to the board that its financial and other controls, and risk management procedures, are operating effectively (Section 3.1 of the Academy trust handbook). The service we provide supports audit committees or other committees with delegated audit responsibility and/or appointed Responsible Officers in complying with this requirement.
- b) The Accounting Officer's 'statement on regularity, propriety and compliance' which must be included in the academy trust's annual report, Section 4.13 of the Academy trust handbook.

An internal scrutiny programme should be driven by the risk register, and formally approved by trustees. Trustees are required to agree an internal control programme that covers both financial and non-financial risk, however, it may not be realistic to expect an internal scrutiny review on all areas of the risk register in year one, so should look at implementing a three-to-five-year internal scrutiny programme.

Annex 3 of the DofE guidance "Internal scrutiny in academy trusts" recommends reporting the cost of internal scrutiny work in terms of auditor days used. To align with this guidance our scope areas are allocated on this basis. An 'auditor day' will include review preparation, meetings or site visits, and report production, including the annual trustee summary report. Once scope areas have been selected, the number of auditor days required will be calculated for the trust's approval.

Meeting dates would be agreed in advance to try and ensure key academy staff are available which will help each review run smoothly. Prior to each review a detailed list of the required supporting information and documentation will be sent to the academy to aid preparation.

Our team of Review Consultants include a number of professionally qualified accountants who have experience of working in both commercial and educational establishments.

Standard Internal Scrutiny Review templates are used to review and test an academy's internal controls and procedures. These templates are regularly reviewed and updated to incorporate legislative changes, updated ESFA guidance, and guidance offered by statutory auditors. The evaluation is designed to provide members/trustees/local governors of academies with a level assurance that appropriate financial controls are in place within the academy trust for which they have responsibility and include testing of adherence to the approved Schemes of Delegation of Financial Power and compliance with the Academy trust handbook.

A flexible approach is offered to academies and multi academy trusts, and we will customise our programme of work to suit the requirements of an audit committee. Additional work can be undertaken if agreed in advance, for which there will be an additional cost. Any change to the standard programme must be discussed with Carly Quick-Crockford, Audit Manager, by email [Carly.QuickCrockford@junipereducation.org](mailto:Carly.QuickCrockford@junipereducation.org) or by phoning our Governance Support Helpdesk on 0345 646 0515.

A brief outline of the full, standard scope of work for 2023/24 is as follows:

Governance Framework
Internal scrutiny of controls and processes relating to policies, transparency, publication of information.
Financial Oversight & Appointments
